Young Woman Calmly Admits They Plotted the Crime

### HUSBAND THE VICTIM

Mrs. Margaret Dolbow Claims She Did Not Do Actual Deed

SALEM, N. J., Aug. 8.—Another grim triangle of life and love that ended in murder was written into police annals today. Calm and dry-eyed, Mrs. Margaret Dolbow, 28 year old mother, told detectives last night how she and her childhood sweetheart, Norman Driscoll, 39, planned for two months to slay her husband, Harry, 34, Prosecutor W. A. Crier announced. Mrs. Dolbow and Driscoll are both held under formal charges of murdering Dolbow, whose body with the skull crushed, was found in his barn on Saturday. They were arrested Monday following Dolbow's funeral.

Held as material witnesses are three negro farm hands, two of whom, Prosecutor Grier declared, bludgeoned Dolbow to death at Driscoll's instigation, for \$25 each. The two childhood sweethearts, parted by marriage to others, after they reached maturity, planned to wed after Dolbow, a well-to-do farmer, was out of the way, Grier said. Grier stated also, Mrs. Dolbow admitted she knew Driscoll had planned the slaying but didn't know "how and when" it was to be committed. After she and her husband returned home last Friday night from a trip, Dolbow went out to the barn. A short time later, Grier said, the woman told detectives she "heard a thud," then Driscoll allegedly came into the house and said, "I've fixed it; I'll have to have \$25 to pay the man who helped."

## GIRL RESCUED FROM A CLIFF IS KNOWN HERE

Miss Elizabeth Lorimer and Companion Aided From Perilous Ledge

### RELATIVES LIVE HERE

Miss Elizabeth Lorimer, of Chicopee, Mass., who with a friend was rescued from a perilous position on a jutting rock halfway up the side of Half Dome, a famous granite mountain in Yosemite National Park, California, yesterday, has been a frequent visitor in Bristol, and is known to many here. The young woman is the granddaughter of Mrs. E. R. Thornton, 573 Bath street, and daughter of Mr. and Mrs. W. A. Lorimer, Chicopee, who during Tuesday night and yesterday watched from a vantage point below the rescue party's activities.

"I know of no young woman better able to stand the strain and exposure," said Miss Lorimer's aunt, Miss Beulah Thornton, in speaking of the experience today. "My niece spent two years in Labrador, and is well equipped physically to stand the intense cold of the night on the mountain-side."

Mr. and Mrs. Lorimer and daughter, together with Miss Laurine Thornton, Brooklyn, N. Y., who left for the West sometime ago, were joined in Yosemite Park by their friends, Mr. and Mrs. Robert Tate, of Inglewood, Cal. On Tuesday afternoon Miss Lorimer and Mr. Tate ascended Half Dome. Returning they chose a short cut, carrying them around the base of the dome and over trailless slopes of rock and shale. They had gone all but the last 500 feet of the most dangerous portion of the descent, when they found their path blocked, and they were unable to continue in either direction. Miss Lorimer, a Smith College graduate, stated they decided to remain where they were and await help, having no alternative. "I built a fire and proceeded to call for help. It was awfully cold, as I wore shorts. The near freezing weather was an aid, however, since it kept me from going to sleep. I had to hold onto two rocks during the night. It was a great sight to see those rangers."

The rangers referred to found it necessary to climb to the top of Half Dome and descend to the ledge. They lowered Miss Lorimer over the side of the cliff by ropes. Mr. Tate, who was injured about the head when he attempted to better his position during the night, was lowered slowly on a stretcher.

During the rescue proceedings a large group of vacationists watched throughout the night, in the valley below. The rescue party was led by Jerry Mernan. A physician in the party carried hypodermic needles and opiates to ease Mr. Tate's suffering. Miss Lorimer was gotten to a point of safety at noon, and Tate reached the valley floor just before night-fall.

Half Dome is a semi-dome of solid granite, rising 8852 feet above sea level, and it rises abruptly from the valley floor about 4,000 feet.

The flat side of Half Dome has never been scaled. On the South slope is a mountain ladder of steel cables, stanchions and foot-boards, which can be used for the least 1500 feet, but the two hikers were below the foot of the ladder when they found their path cut off.

#### SON FOR ASTAS

A son was born to Mr. and Mrs. Augustine Asta, Lincoln avenue, at Harriman Hospital, last evening.

JOHNSTOWN — (INS) — It wasn't the cold, but the humidity that caused boilers to be fired and the heat turned on in the Buser Silk Corporation's mill here.

Continued rain brought so much moisture to the air that the raw silk and rayon couldn't be handled. So the heat was used as a "drying out" medium. Moisture in the air affected both workmen and materials to such an extent that a temporary shutdown of the mill was required.

## THE WRONG WAY

(The Commercial Bulletin, Boston, August 3, 1935)

As the President and Members of Congress when entering upon their terms of office declared under oath that they would support the Constitution of the United States, it is difficult to see how they can feel justified in enacting laws that are manifestly unconstitutional.

It is futile to enact laws that are sure to be declared unconstitutional by the supreme court, but Congress is kept in session under orders of the administration for the purpose of enacting such laws. It may be thought that Congressmen are merely wasting their own time in preparing to enact unconstitutional laws, but their action is harmful to millions of American citizens, and the only reasonable explanation of the determination to enact laws regardless of their constitutionality is found in the word "politics."

If some of the bills now pending in Congress are enacted at this session, it may take a year or more before the Supreme Court can determine whether or not they are constitutional. Meanwhile a political campaign will be in progress, and candidates for re-election in Congress and White House may think their chances of success improved by their record of hostility to rich men and big corporations, although their action may be nullified later by a finding of the Supreme Court.

A prominent law firm of New York has given an opinion that parts of the Wheeler-Rayburn bill are unconstitutional in the form in which it passed the Senate as well as in the amended form passed by the House of Representatives.

There has been so much discussion about the "death penalty" for holding companies that many readers of newspapers believe that the Wheeler-Rayburn bill aims merely to regulate electric holding companies and to abolish some of them that are superfluous. They do not understand that the bill would place the government in control of electric light and power companies throughout the country, including operating as well as holding companies.

A form of coercion embodied in the bill is the denial to holding companies that do not register under the Act of the right to use the mails or any instrumentality of interstate commerce to conduct their business. If Congress can legally deny the use of the mails to corporations that are not favored by the administration in Washington, there would seem to be no obstacle to prevent government interference with local business in all parts of the country.

Although the Wheeler-Rayburn bill may be declared unconstitutional by the Supreme Court a year or two hence, its enactment now would cause great confusion, litigation and expense to the power companies and their stockholders with benefit to nobody but politicians and lawyers. Congress can perform a deed of great value to the American people by adjourning without enacting any more unconstitutional laws.

The insistence on the enactment of such laws recalls the anecdote of our old friends Pat and Mike. "For the love of Heaven don't shoot, Pat," said Mike as the other aimed at a bird. "And why not?" said Pat. "Shure your gun is not loaded," was the reply. "That may well be," said Pat, "but I must shoot all the same, for the bird won't wait."

## LAWRENCE TOPPLES CHAMPION OFF THRONE

Bristol Net Star Defeats Boyd, Ace of Trenton Courts

### TOURNAMENT NEAR END

TRENTON, N. J., Aug. 8.—Bob Boyd, tennis ace and reigning champion of the local courts, fell from his throne last night when Herb Lawrence, Bristol, came from behind and won 4-6, 6-3, 6-2.

The result was totally unexpected, for while Lawrence is regarded as a smooth netman, Boyd had in the past few days flashed a brand of tennis that looked unbeatable. In fact it was not until the second set was well under way last night that spectators realized that Boyd was due for elimination. His game was flawless in the opening set, but after that his timing fell off, his shots lost their zip and his strategy was faulty.

While Lawrence was relegating Boyd to the sidelines, Steve Kramer, Villanova ace, and Nelson Green, Bristol and former Penn State captain, were battling for the right to meet the winner. The pair were deadlocked at one set each when darkness halted the proceedings. Kramer, who was beaten easily by Green in the Trenton Country Club tournament, won the first set, 7-5. Somewhat surprised, but not the least bit flustered, Green got his shots working in the second set and swept to a 6-2. The match had not started at the scheduled time and after beginning the third set it was decided before one game had been played that it was too dark to continue.

The pair will play the third and deciding set tonight at 6.30 o'clock. To the winner will go the opportunity of meeting Lawrence for the championship of Trenton.

If Green should win and the odds are that he will, the final will see two Bristol netmen battling for the championship of Trenton. This, however, should not cause undue consternation for both athletes are familiar figures on local courts and have been welcomed along with other nearby netmen by local players.

Boyd's downfall might in a measure be attributed to his persistent attempts to play a cautious game after winning

### Strikers Await Response

Camden, N. J., Aug. 8.—Grim-jawed and silent, 4600 striking workers at the New York Shipbuilding Corporation today anxiously awaited the company's response to the Navy Department's order to submit immediately to strike arbitration. Unless the company accedes to the order by noon, the Navy Department has threatened to step in and complete the seven half-finished vessels at the Camden plant. Work on the ships, contracted for at \$50,000,000, has been delayed since May 13th when the walk-out was called, after the company refused to grant higher wages, preferential shop and elimination of piece work. With no hint of what the final stand will be, members of the Board of the Corporation were closeted in conference in Philadelphia.

### Strike Holds Up Liner

Paris, France, Aug. 8.—Eight hundred passengers for the French liner Champlain, who booked to sail yesterday, wandered angrily around Havre while the striking crew made the decision whether the ship may weigh anchor for New York today. Hard hit by the strike which threatened to tie up the Normandie and other trans-Atlantic liners, the government subsidized French line capitulated partially to the sailors' demands of restoration of the ten per cent wage cuts ordered in the nation's drastic economy program. Sixty stewards accepted the line's offer of a three per cent instead of a ten per cent cut and went back to work aboard the Champlain. The 240 other members of the Champlain crew, however, remained off the boat while they debated the offer.

Should rain interfere at anytime the club has granted use of the second floor of the club-house. Co-operation of various industries of Bristol, and those in charge of some public buildings of interest, is to be sought by those in charge of the recreation center, it being the desire to arrange visits to places of interest for the adults who participate in the programs. It is hoped that tours can be arranged through several local industrial plants, and public structures. These trips will occur during "Home Town Week."

The morning program each day calls for the following outline for the children:

Assembly period, daily singing, announcements, plans for the future programs, occasional programs contributed by a group which will consist of: (a) nature study, (b) art, (c) sports, (d) drama, (e) music, (f) handicraft, (g) special events—kite flying contest, decorated doll buggy and bicycle contest, mothers' day and baby show, dad's day, treasure hunt, baseball pitching, tug of war, stilt and tin can derby, roller skating derby, pet show, checker-chess tournament, original doll show, whittling contest, quilt tournament, pageant—"History of Bristol," hop scotch contest, dodge ball contest, soap or sand modeling, Romany day, story telling, organized games, safety patrol squads.

A reference depicting various stages of historical facts concerning the growth of the town to be presented at the close of the season.

## BRIDGES

What would we do without bridges? Those mighty structures that span great distances and enable us to take short cuts to various destinations. Think of the inconvenience we would be put to without them.

And, if you are a thinking man or woman you will ponder over the results if there were no such thing as life insurance.

Bridges span distances over earth and water—life insurance provides for that span of life after death; it gives those left behind a chance to live.

Bridge that gap today and insure with us. You will find that it pays.

## NOTICE IN THE COURT OF COMMON PLEAS OF BUCKS COUNTY

NOTICE to John Blaker, if living, and to his heirs and legal representatives if deceased, and to Benjamin Burton, if living, and to his heirs and legal representatives if deceased, and each and every of them, and to all other persons interested.

YOU AND EACH OF YOU ARE HEREBY NOTIFIED that at a Court of Common Pleas holden at Doylestown in and for the County of Bucks on the first day of July, 1935, the Petition of Louis J. Tiedman and Irene Tiedman, his wife, was presented setting forth that James Clift executed and delivered unto John Blaker a certain Indenture of Mortgage dated April 1, 1825, recorded August 22, 1825 in Mortgage Book No. 12, page 160, for the sum of One Hundred Fifty (\$150.00) Dollars, and that the said James Clift executed and delivered unto Benjamin Burton his Indenture of Mortgage dated April 1, 1833, recorded May 15, 1833, in Mortgage Book No. 14, page 422, for the sum of One Hundred Seventy-five (\$175.00) Dollars, and secured upon and conveying certain tracts of land situate in the Township of Bristol, County of Bucks and State of Pennsylvania, in each of said respective mortgages particularly bounded and described.

That each of the respective mortgages were a lien upon and covered a part of the premises of the said Petitioners, Louis J. Tiedman and Irene Tiedman, his wife, whose premises are situate partly in the Township of Bristol and partly in the Township of Falls in the said County of Bucks aforesaid.

That the said Petitioners were the owners in fee simple of a portion of the land bound by the lien of each of the said respective mortgages, and that neither of the said respective mortgages had ever been assigned, and that by reason of the lapse of time there exists a legal presumption that each of the said respective mortgages have been paid.

That John Blaker, the legal holder of one of the said respective mortgages, and Benjamin Burton, the other holder of one of the said respective mortgages, have been long since deceased, and that the said Petitioners do not know the names or addresses of their personal representatives, nor the heirs of either of the said decedents, if any there are or may be.

That no demand has ever been made upon the said Petitioners at any time, nor upon their predecessors in title, for any part or all of the principal sum of either of the said respective mortgages, or any interest thereon, and that no interest has been paid on either of the said respective mortgages for a period of twenty-one years last past and upwards, and praying the said Court to make an order and decree directing that notice of the facts set forth in said Petition be given by the Sheriff of the said County of Bucks to the heirs and legal representatives of the said John Blaker, and to the heirs and legal representatives of the said Benjamin Burton, if to be found in the County of Bucks, and in case the said parties cannot be found, then that notice of the facts set forth in the said Petition be given by advertisement, and upon due proof being made of the legal presumption of the payment of each of the said respective mortgages, to decree and direct satisfaction to be entered upon the record of each of the said respective mortgages, upon payment of the proper costs and charges therefor, and that such satisfactions so entered shall forever thereafter discharge, defeat and release the lien of each of the said respective mortgages against the premises of the said Petitioners, and shall bar and exclude any and all actions brought or to be brought therein, and to do such other things as are directed by the Act of Assembly in such case made and provided.

Whereupon, on the same day the said Court ordered and decreed that Horace E. Gwinner, High Sheriff of the County of Bucks, be directed to serve notice of the facts set forth in the said Petition upon John Blaker, if living, and upon his heirs and legal representatives if deceased, if any there are or may be, and upon Benjamin Burton, if living, and upon any and all heirs and legal representatives if deceased, if any there are or may be, and each and every of them and all other parties in interest if each of said respective mortgages, and in case all or any of said parties could not be found in the said County, then the Sheriff was directed to give public notice of the facts in said Petition in the "Bristol Courier," a daily newspaper published within the County of Bucks, once a week for four weeks, successively prior to the then next term of said Court to be holden at Doylestown in and for the County of Bucks on the 9th day of September, 1935, requiring all or any of said parties to be and appear at said Court at eleven o'clock A. M. on the 9th day of September A. D. 1935, to answer said Petition and show cause if any they have, why satisfaction of the said respective mortgages should not be decreed by the Court according to the Act of Assembly in such case made and provided.

YOU AND EACH OF YOU ARE THEREFORE, NOTIFIED AND REQUIRED to be and appear at said Court to be holden on the 9th day of September 1935 to answer the said Petition and show cause, if any you have, why each of the said respective mortgages, or either of them, should not be ordered and decreed by the Court.

## IMPORTANT GAMES ARE BOOKED FOR TONIGHT

The games scheduled for tonight will have a great bearing on the standing of the Lower Bucks County League. At Edgely, the Hibernians will cross bats with the Edgely Braves with the winners taking undisputed possession of first place in the circuit. Hulmeville A. A. will battle Bristol A. A. on Leedom's field. Johnny Mulholland's boys will attempt to eliminate the first half champs from the lead.

"Jake" Praul who pitched the Braves to a win over the Hulmeville team, Tuesday night will again toe the rubber for the Edgely club. Praul allowed four hits and will be after another triumph against the club which shares the top notch position with his team.

Manager McDevitt will most likely send either Ed Morrissey or Paddy Lyzack against the Hibernians. Lyzack did wonderful relief work against the Odd Fellows last week and appears to be in fine shape. Both clubs will present their strongest line-ups.

It will be "Pete" Devlin against "Spike" Tryon on Leedom's field. Tryon seems to have a knack of beating the Hulmeville club and always succeeds in holding the first half champs to a low score. With the proper support he should gain a triumph over them tonight.

In Bristol Twilight League games scheduled for tonight, the Hibernians will play at Tullytown for 2nd place and the Edgely A. C. meets the Newport Road Club at Newportville.

Games are scheduled to begin at 6:30 sharp.

## Lawrence Topples Champion Off Throne

Continued from Page One

the opening set. His backhand retained its snap and precision, but his forehand lacked speed and Lawrence repeatedly smashed back neat placements that the city champion could not lay a racket on, let alone return.

Lawrence's superiority became more apparent as the match progressed and in the final set Boyd was able to win but two games. In none of the other games of this set did he carry Lawrence to defeat.

Kramer and Green played comparatively better tennis. Green had trouble with his cut shot in the opening set, but he had it skimming over the net in fine fashion during the second set. Tonight's single set should produce some thrills, for each netman will have to be on his toes from the outset.

## MATCH GAME AMUSES CROWD OF BALL LOVERS

Not to disappoint the many fans who gathered on Leedom's field to witness the annual "dream" game which was postponed, last night, the players who did not receive word of the cancellation in time decided to play an exhibition match. The Lower Bucks All-Stars captured the fray from the Twilight Leaguers, 3-1.

The members of the Twilight League outplayed their older foes in the field but lacked the hitting power in the pincel. The senior circuit was credited with four double plays in six innings.

"Kenny" Hill, recently returned from the Harrisburg Senators, did the hurling for the winners with "Happy" Hovatter and "Johnny" Bragg doing the hill chores for the Twilight League club.

Leo Hibbs and Hill led the stickers for the evening with two safe blows each while "Howie" Black pulled the fielding sensation when he came in fast for Long's bid for a hit in the second inning.

## STATE NEWS

MEADVILLE — (INS) — Mrs. Lucy Haak who recently celebrated her 101st birthday is looking forward to "years of enjoyable life."

Mrs. Haak, a resident of nearby Norrisville, was born Lucy Ingols, at Java, N. Y., and came to Crawford County as a child. She has been married twice, and had no children.

HERSHEY — (INS) — Featuring a program of old and new feats in skilled horsemanship, the annual State Police Rodeo to be held this year at the Butler Fair Grounds on Labor Day will be the "finest and best" in its history, Major Lynn G. Adams, Superintendent, predicts.

Some two score skilled riders and their trained horses are now rounding out weeks of rigorous training at the State Police School here in preparation for the event which was inaugurated about 15 years ago to demonstrate to the general public what a policeman and a horse are capable of doing in an emergency.

It is tentatively planned to repeat the rodeo in Erie the following Saturday.

## Seven Years Ago Today—

The Leedom's nine nosed out the St. Ann's club team, 7-6, in a hard-fought Bristol Twilight League game played on St. Ann's field. Both clubs made six bingles. St. Ann's was marked up for four errors while the winners had three. "Mike" Deitzi was knocked from the mound in the first inning and relieved by Tulio. The Saints put on a rally in the final session and scored four runs due to wildness on the part of Bill Fine. Paletta doubled with the sacks loaded in this frame, but with the tying run on second, Stallone struck out. "Bill" Fine helped to win his own battle by tripling in the initial canto with three runners aboard.

## SPEED KNIGHTS READY TO BATTLE WITH SPEED

A rivalry existent since the birth of the magnificent Langhorne Speedway, back in 1925, will be resumed here Sunday afternoon when battle-scarred speed knights from New Jersey contest the victory challenges of their traditional rivals from Pennsylvania in 100 miles of major league auto racing.

With drivers from both states engaged in the thick of the running for the coveted Eastern A. A. A. championship title, interest in the forthcoming issue has attained a feverish pitch.

Leading the Eastern title procession as the mid-summer speed campaign nears a close is George "Doc" Mackenzie, the be-whiskered meteor from Edgington on the Pennsylvania banks of the Delaware river. But he is hard pressed by two worthy gladiators from the Skeeter state, namely, Bob Sall and Ben Shaw.

First it was Shaw, pilot of Gus Strupp's Miller, who assumed the role of pace-setter. Then Mackenzie rung up three wins in rapid succession and Ben found himself firmly entrenched in second place.

While the eyes of Eastern race-enthusiasts were centered upon the developments in the Shaw-Mackenzie duel, Bob Sall was compiling sufficient victories to become a major factor in the championship joust. Sall now holds down third position in the standings, but another triumph over Shaw will advance him to second place.

Other Jersey pilots who promise to make things hot for their Keystone state rivals are: Walt Keiper, two-time winner of Hankinson-conducted events thus far this season; Sex Periman, of Clifton; Len Perry, Madison; George Sholtis, Trenton; Johnny Cebula, Manville, and Sam Castrabova, Trenton.

Outstanding defenders of the Pennsy speedfront include Freddy Winnal, Philadelphia; Jack Bright, Ardmore; Don Church, Drexel Hill; Al Cusick, Brookline; Tommy Hinnerst, Brookline; and Ivan Baumgardner, of Johnstown.

## LEFTY GOLFERS IN STATE TOURNEY

ST. LOUIS, Aug. 8.—(INS)—South-paw golfers of Missouri will gather at the Norwood Hills Country Club September 9 to tee off in the first annual tournament of the Missouri Association of Left Handed Golfers.

Ben Richter of the Triple A Golf Club in St. Louis, probably the only left-hander in the United States who earns his living as a golf professional, has been the guiding genius in organizing the Missouri left-handers. He is elated over the manner in which the port-siders have responded to his suggestion of an Association and Tournament of their own.

Says Richter: "The nature of my work naturally places me in close contact with everything pertaining to the game of golf. I have long realized the left-handers could obtain infinitely more pleasure out of the game if they had their own organization and held their own tournaments. The question was whether the left-hander who plays the game only for exercise and recreation would appreciate the possibilities of organization."

"All doubts were quickly dispelled when I contacted the few hundred Missouri south-paws whose names I have been able to obtain. A surprising percentage of them sent in their money to join the association, with no assurance they would ever receive anything more than a membership card for their remittance. Many took the time to write letters of encouragement—others offered additional financial assistance."

"This enthusiasm makes it possible to announce our First Missouri Tournament for Left-Handers at Norwood Hills Country Club during the week of September 9th to 14th. It will be a real tournament, played over one of the finest golf courses in Missouri."

"This tournament will make golf history in Missouri and will, I believe, eventually result in a national body being organized in the interest of all the left-handed golfers of the country."
